Does it matter?

A photograph of a bay window with a view of a Gothic building and a green field. The window has a white frame and a decorative archway. The view outside shows a large Gothic building with a tall spire and a green field. The window is set in a white wall. The text is overlaid on the left side of the image.

Don't it always seem to go  
That you don't know what  
you've got  
Till it's gone  
They paved paradise  
And put up a parking lot

-- Joni Mitchell Big Yellow Taxi
